

# Golf in Mauritius

Following are details and images of golf at the Paradis Hotel & Golf Club and the Dinarobin Golf & Spa in Mauritius.

The Paradis Golf Club stretches between the natural boundaries of the historic Le Morne Mountain and one of the most beautiful lagoons in the Indian Ocean region. Beachcomber's Paradis and Dinarobin hotels share the 18-hole, 5,899 metre, par 72 course. The Paradis course is the only golf course in Mauritius to be built within a resort's grounds with the clubhouse and first tee located just 30 metres from reception. Guests at Dinarobin have their motorised carts delivered directly to their Suites.

The Paradis Golf Club is a pleasure to play and offers a challenge to all. The golf course emphasises the site's unique scenery and tropical feel. Flamboyants, araucarias, bougainvilleas and poinsettias are splashes of colour in the verdant environment. The first nine holes are played under the towering Le Morne mountain and feature a number of marina crossings. The second nine are spread along the coastline, treating players to a round of golf close to the beach, with spectacular views of the lagoon and mountain.

The Club House is the perfect setting to relax before and after a round with showers, lockers, cart and club hire, a boutique and bar available. For those wanting to improve or practice their golf, the Paradis Golf Academy has a driving range, putting green, bunker and pitching practice areas. The resident professionals will assist with lessons and state-of-the-art video swing analysis.

## Exclusive Access to 2 Additional Golf Courses

Guests staying at the Paradis Hotel & Golf Club or the Dinarobin Hotel Golf & Spa have exclusive access to two additional 18-hole championship golf courses, both located only 20 minutes drive from the hotels. Choose from the “Out of Africa” feel of the Tamarina Golf Estate & Beach Club (18-hole, par 72, 7200 metres), located on the west coast or the colonial ambiance of Golf du Château in the south at Bel-Ombre (18-hole, par 72, 6498 metres). A taxi or exclusive limousine transfer, using BMW X5 vehicles, can be arranged from the hotels to the respective golf courses. Special green fee rates are available to Paradis and Dinarobin guests.

Tamarina 18-hole Championship Golf Course has a beautiful layout and is only 20 minutes drive north of the Paradis Hotel. The Par 72 course, designed by Rodney Wright, undulates over 43 hectares of rugged savanna land and is framed with mature trees and crossed by the Rempart River.

Holes have been specially designed to give spectacular views of Mount Rempart and the towering mountain range while some holes have views of Tamarin Bay.

Golfers will love the contrast between the rough surroundings and the smooth rolling greens and wide fairways that adds to the experience of Tamarina golf course.

This 18-hole golf course, designed by South African golf architect, Peter Matkovich, is located 20 minutes drive east from the the Paradis Hotel and features wide, undulating fairways, large greens protected in many cases by water, strategically placed bunkers, and thick African elephant grass.

The course has scenery typical of Mauritius with its volcanic mountain backdrop and some sea views. A number of holes feature tricky elevations and blind greens while most fairways are narrow adding to the challenging course. The course's two rivers, 'Citronniers' and 'St Martin', cross the fairways at unexpected places.

This course is designed to challenge advanced players, but, with five tee positions for each hole, and generous fairways, the casual golfer will also find it an enjoyable experience.
